

Dear Postal Customer,

Thank you for doing business with the U.S. Postal Service®. You're already aware of the many advantages of having a PO Box™, such as the convenience and privacy. Now you can enjoy some new benefits that will make it even easier for you to manage your PO Box(es).

For starters, you can now go to *PO Boxes Online* at **usps.com/poboxes** to:

- Make one-time payments with a credit card or sign up for automatic renewals
- View PO Box status and online payment history
- Receive e-mail confirmations and payment renewal reminders
- Search and pay for an additional PO Box

As an added convenience, you can also renew your PO Box at any of our 2,500 Automated Postal Center® locations (APC® kiosks) nationwide. Located in Post Office™ lobbies – conveniently opened 24 hours 7 days a week – an APC provides you another easy option to pay your PO Box renewal fees. We accept both debit and credit cards.

We know you'll find these new features useful and time-saving. The Postal Service™ continues to look for enhancements and new service features to benefit you.

Thanks again for your business. We appreciate the opportunity to serve your shipping and mailing needs.

Sincerely,

The US. Postal Service®  
We Deliver for You®
